Mineral Shadows

Eye Kandy is thrilled to introduce our new Mineral Sprinkles! Our Minerals are a superior *pure pigment* powder with absolutely *no fillers*. Sprinkles Minerals offer a beautiful, luminous look when worn alone, or combine with Sprinkles glitter for a bolder pop! All colors apply beautifully, offering a gorgeous metallic shimmer as shadows. However, when mixed with Eye Kandy Liquid Sugar, they create an amazing liner that will not budge! The color stays true without smudging, bleeding or creasing. Welcome to an amazing new you, welcome to Eye Kandy.

Minerals - The Minerals are a pure pigment powder. They provide a beautiful, luminous look when worn alone, or when combined with Sprinkles glitter, they provide a **bold pop!** As a shadow they offer a gorgeous metallic shimmer and when mixed with Eye Kandy Liquid Sugar, they create an amazing liner that will **not budge!**
